Production Operations Management from KellyOCG

BPO from KellyOCG delivers:

- Access to experienced professionals
- Fully automated processes and formalized systems and procedures
- Unbiased equipment and technology evaluations
- Employee retention and productivity programs
- Scalability for seasonal workloads
- I-9 compliance

There's a lot riding on the efficiency of your production line. After all, productivity and quality directly affect the bottom line in the manufacturing environment.

Kelly Outsourcing and Consulting Group (KellyOCG) acts as your strategic partner, aligning resources, processes, and management expertise to help optimize your business results.

Our Business Process Outsourcing (BPO) practice provides customized process and operating models designed to improve efficiency and reduce costs within the production environment.

With a strong background in manufacturing and workforce management, we bring lean thinking, operational expertise, and top talent to the table as your single point of contact. We'll be your partner, taking on the production risk and seamlessly integrating into your processes to deliver full-service Production Operations Management for functions including:

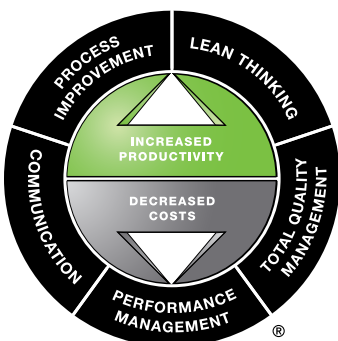

- Contract packaging
- Manufacturing management
- Line layout and design
- Co-pack/re-pack
- Yard management
- Shipping/receiving
- Engineering services
- Preventive maintenance programs

Our customers tell us that as they shift the work outcome responsibility to us, they can focus more on their core competencies.

This is how we do it

Our proven, world-class people and process management expertise is the foundation of our BPO Operating System. Unlike other total quality programs, the BPO Operating System focuses on results rather than the tool.
